3 About this Book 3

4 52/SX Fader and Control Modules 5

- 1 52-1020A - SX Fader Module 5
- 2 52-1024A - SX Fader Module 5
- 3 52-1010A - SX Central Module 6
- 4 52-1018A - SX Blank Module 6
- 5 52-1018B - SX 10 push button module, extern 7

5 52/SX TFT Display 7

- 1 52-4017B - TFT/Touch Display, 7" 7
- 2 52-3017A - Table Top Stand for 52-4017 8
- 3 52-3018A - Console mounting kit for 52-4017 8

6 52/SX Table-Installation Frames 8

- 1 52-2604A - SX Table Installation Frame 9
- 2 52-2606A - SX Table Installation Frame 9
- 3 52-2608A - SX Table Installation Frame 10
- 4 52-2610A - SX Table Installation Frame 10
- 5 52-2614A - SX Table Installation Frame 11
- 6 52-2618A - SX Table Installation Frame 11

7 52/SX Console Frames 11

- 1 52-2804A - SX Console Frame 12
- 2 52-2806A - SX Console Frame 12
- 3 52-2808A - SX Console Frame 13
- 4 52-2810A - SX Console Frame 13
- 5 52-2814A - SX Console Frame 14
- 6 52-2816A - SX Console Frame 14
- 7 52-2818A - SX Console Frame 15

8 52/XS Power Supply 15

© 2012 DHD Deubner Hoffmann Digital GmbH

1 52-1948B - Power Supply 48V / 100W 15

9 52/XS Core and I/O-boxes 16

1 52-1801B - XS Core, 8 - 16 Fader Processing 16
2 52-1804B - XS Core, 4 Fader Processing 16
3 52-1821A - XC/XS Core MADI, multimode 17
4 52-1330A - XS Multi I/O Box 17
5 52-7111A - XC Digital I/O Module 18
6 52-7140A - XC DHD IP Audio Interface 18
7 52-7170A - XC Quad 3G/HD/SD-SDI De-embedder 19
8 52-7180A - XC Dante IP Audio Interface 19
9 52-7222A - XC Analog I/O Module 20
10 52-7223A - XC Analog I/O Module, 24dBu 20
11 52-7230A - XC Mic/Headphone Module 21
12 52-7258A - XC Mic/Line Module, 8 ch., iso. 21
13 52-1918A - XS blank panel for 52-1919 22
14 52-1919A - XS 19" Adapterpanel 22
15 52-7491A - XC 19" Adapterpanel, XLR 22
16 52-7494A - XC table mounting kit 23
17 52-7495A - XC 19" Adapterpanel, 10 slots 23

10 52/SX Bundles 23

1 52-1990B - SX Bundle, 12 Fader, 1 Multi I/O 24
2 52-1993B - SX Bundle, 12 Fader, 2 Multi I/O 24
3 52-1994B - SX Bundle, 12 Fader, 1 Multi I/O 25
4 52-1995B - SX Bundle, 12 Fader, 2 Multi I/O 25

1 Overview

This part of the manual represents a list of the currently available modules and parts for the following DHD system:

Series 52
52/SX

This list of modules and parts is meant to be upgraded from time to time without public notification. Please check version and release date of a document. You can find the most current version of this document on our website:

- HTML Release, more detailed
- PDF Release (this document)

Specifications and design are subject to change without notice. The content of this document is for information only. 3 About this Book

How to Use this Book

Product Status Information:

	PREFERRED PRODUCT	regular production, mostly sufficient stock
	PRODUCT WITH POTENTIAL DELIVERY TIMES	production start requires prior order, delivery times depend on module type and vary from a few days to several weeks
	ASK FOR QUOTATION	production and prices on enquiry, a minimum order quantity might apply depending on module type, production start requires prior order, delivery times depend on module type and vary from a few days to several weeks, no return possible, documentation might be incomplete or unavailable, module might be not available in the Toolbox configuration software, a prior current quotation is always required
	PRODUCT DISCONTINUED	no restaging possible, please ask for potential alternatives

Depending on production batch sizes and spares inventory, there might still be stocks of items with yellow, blue, red status.

Even for preferred products (green), delivery times might arise, if scheduled productions cannot be realised due to delays of parts from our suppliers, or if the estimated amount has been depleted for large orders.

The Navigation Tree

You can find the navigation tree on the left-hand-side of the PDF document. Via the entries of this tree you can directly reach the several chapters and sections of this document. Click onto the text or the symbol of an entry to display its content.

If a chapter includes further sections, you will find a plus-symbol in front of the entry in the navigation tree. Either you can click onto this plus-sign or you double click the text or the symbol of the entry to make the sub-branches of the further sections visible.

Search

You can find an alphabetical ordered list of keywords at the end of the document. Please see the page numbers in this index to find the respective keywords in the document.

Moreover, you can use the search function of your PDF reader to seek for any words.

Links

Links are underlined to separate them from the rest of the text. These links can be a connection to other chapters or sections in the same document or to an URL (internet address).

- Same document: The hand symbol appears if you move the mouse over the link.
- URL: The hand symbol with an additional appears if you move the mouse over the link.

Please notice, that you need an active internet connection to be able to execute a link to an URL.

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

The Meaning of Advices in the Text

Warning	The demands and advices in this fields should be followed **unconditional**, because otherwise hardware and software products, data bases, as well as persons may suffer a loss.
Important	The demands and advices in this fields should be followed, because these contents are necessary for the proper operation of the DHD systems.
Note	Recommendations and further information are marked as notes. Sometimes you will also find off-topic content in this field, which is related to the actual topic.
Tip	Tips are helpful advices, which should make work with DHD systems easier.
Weblink	In this fields you can find links to websites, which include for example an other manual or the possibility to download a driver for the respective DHD system. Please notice, that you need an active internet connection to be able to execute a link to an URL.
Download	You can directly open and download a file if the respective link is marked as download link (file link).

4 52/SX Fader and Control Modules

4.1 52-1020A - SX Fader Module

STATUS : PREFERRED PRODUCT

52-1020A

4 fader channels, each with:

- 5 pushbuttons above fader
- 32 character OLED display
- 100mm conductive plastic faders
- 1 rotary encoder

. Ethernet power & control network
. 160mm x 399mm x 55mm

weight: 1.7 kg
power consumption: 5.31 W

4.2 52-1024A - SX Fader Module

STATUS : PREFERRED PRODUCT

52-1024A

4 fader channels, each with:

- 1 pushbutton below, 4 above fader
- 32 character OLED display
- 100mm conductive plastic faders
- 1 rotary encoder

. Ethernet power & control network
. 160mm x 399mm x 55mm

weight: 1.7 kg
power consumption: 5.28 W

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

4.3 52-1010A - SX Central Module

STATUS : PREFERRED PRODUCT

52-1010A

19 pushbuttons, 2 volume controls

6 rotary encoders

32 character OLED display

built-in loudspeaker/amp, mic/preamp

Ethernet audio, power & control network

80mm x 399mm x 36mm

weight: 0.9 kg
power consumption: 11.55 W

4.4 52-1018A - SX Blank Module

STATUS : PREFERRED PRODUCT

52-1018A

80mm x 399mm x 36mm

weight: 0.5 kg

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

4.5 52-1018B - SX 10 push button module, extern

STATUS : PRODUCT WITH POTENTIAL DELIVERY TIMES

52-1018B

80mm x 399mm x 36mm

10 push-buttons for external use only!

Not connected to XS core!

Needs GPIOs!

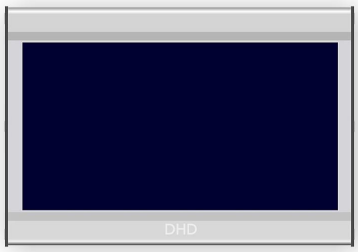
Ask factory for details.

weight: 0.7 kg

5 52/SX TFT Display

5.1 52-4017B - TFT/Touch Display, 7"

STATUS : PREFERRED PRODUCT



52-4017B

7" / 177mm diagonal size

includes microcontroller

Ethernet power & control interface

173mm x 119mm x 34mm

weight: 0.8 kg
power consumption: 3.91 W

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

5.2 52-3017A - Table Top Stand for 52-4017

STATUS : PREFERRED PRODUCT

52-3017A

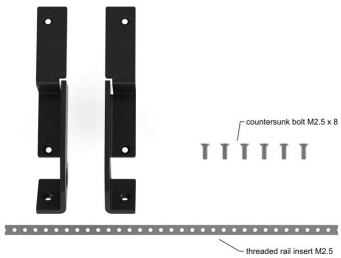
when display is not mounted to

console frame

weight: 0.5 kg

5.3 52-3018A - Console mounting kit for 52-4017

STATUS : PREFERRED PRODUCT



52-3018A

for 52-28xx console frames

for 52-38xx console frames

weight: 0.1 kg

6 52/SX Table-Installation Frames

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

6.1 52-2604A - SX Table Installation Frame

STATUS : PREFERRED PRODUCT

52-2604A

aluminium extrusion frame for 1

module 160mm

. total width 160mm+20mm, depth 399mm
. magnetic fixing for panels
. needs table cutout

weight: 0.3 kg

6.2 52-2606A - SX Table Installation Frame

STATUS : PREFERRED PRODUCT

52-2606A

aluminium extrusion frame for 1

module 160mm and 1 module 80mm

. total width 240mm+20mm, depth 399mm
. magnetic fixing for panels
. needs table cutout

weight: 0.4 kg

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

6.3 52-2608A - SX Table Installation Frame

STATUS : PREFERRED PRODUCT

52-2608A

aluminium extrusion frame for 2

modules 160mm

. total width 320mm+20mm, depth 399mm
. magnetic fixing for panels
. needs table cutout

weight: 0.5 kg

6.4 52-2610A - SX Table Installation Frame

STATUS : PREFERRED PRODUCT

52-2610A

aluminium extrusion frame for 2

modules 160mm and 1 module 80mm

. total width 400mm+20mm, depth 399mm
. magnetic fixing for panels
. needs table cutout

weight: 0.5 kg

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

6.5 52-2614A - SX Table Installation Frame

STATUS : PREFERRED PRODUCT

52-2614A

aluminium extrusion frame for 3

modules 160mm and 1 module 80mm

. total width 560mm+20mm, depth 399mm
. magnetic fixing for panels
. needs table cutout

weight: 0.7 kg

6.6 52-2618A - SX Table Installation Frame

STATUS : PREFERRED PRODUCT

52-2618A

aluminium extrusion frame for 4

modules 160mm and 1 module 80mm

. total width 720mm+20mm, depth 399mm
. magnetic fixing for panels
. needs table cutout

weight: 0.8 kg

7 52/SX Console Frames

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

7.1 52-2804A - SX Console Frame

STATUS : PREFERRED PRODUCT

52-2804A

angled console frame with metal side panels

for 1 module 160mm

total width 160mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 0.7 kg

7.2 52-2806A - SX Console Frame

STATUS : PREFERRED PRODUCT

52-2806A

angled console frame with metal side panels

for 1 module 160mm and 1 module 80mm

total width 240mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 0.8 kg

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

7.3 52-2808A - SX Console Frame

STATUS : PREFERRED PRODUCT

52-2808A

angled console frame with metal side panels

for 2 modules 160mm

total width 320mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 0.9 kg

7.4 52-2810A - SX Console Frame

STATUS : PREFERRED PRODUCT

52-2810A

angled console frame with metal side panels

for 2 modules 160mm and 1 module 80mm

total width 400mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 1.1 kg

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

7.5 52-2814A - SX Console Frame

STATUS : PREFERRED PRODUCT

52-2814A

angled console frame with metal side panels

for 3 modules 160mm and 1 module 80mm

total width 560mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 1.4 kg

7.6 52-2816A - SX Console Frame

STATUS : PRODUCT WITH POTENTIAL DELIVERY TIMES

52-2816A

angled console frame with metal side panels

for 4 modules 160mm

total width 640mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 1.8 kg

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

7.7 52-2818A - SX Console Frame

STATUS : PREFERRED PRODUCT

52-2818A

angled console frame with metal side panels

for 4 modules 160mm and 1 module 80mm

total width 720mm+8mm, depth 430mm

rear height 52mm

magnetic fixing for panels

needs table cutout

weight: 1.7 kg

8 52/XS Power Supply

8.1 52-1948B - Power Supply 48V / 100W

STATUS : PREFERRED PRODUCT

52-1948B

100W Output Power

Input Voltage 90-264VAC

Input Frequency 47-63Hz

Mini connector for 48V output

IEC 320-C14 inlet connector

weight: 0.5 kg

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

9 52/XS Core and I/O-boxes

DSP/Controller System and input/output/GPIO modules

9.1 52-1801B - XS Core, 8 - 16 Fader Processing

STATUS : PREFERRED PRODUCT

52-1801B

DSP/Controller

8 audio, power & control ports

2 power inputs 48V, mini connector

supports up to 16 faders SX console

number of available functions limited

by XS core hardware, see specifications

weight: 0.5 kg

9.2 52-1804B - XS Core, 4 Fader Processing

STATUS : PREFERRED PRODUCT

52-1804B

DSP/Controller

4 audio, power & control ports

2 power inputs 48V, mini connector

supports up to 4 faders SX console

number of available functions limited

by XS core hardware, see specifications

weight: 0.5 kg

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

9.3 52-1821A - XC/XS Core MADI, multimode

STATUS : PREFERRED PRODUCT

52-1821A

56 or 64 input channels and

56 or 64 output channels

AES10 MADI

fiber optical receiver/transmitter

- multimode, 50um or 62.5um, 1300nm

- SC duplex connector

. submodule for XC and XS cores

weight: 0.0 kg

9.4 52-1330A - XS Multi I/O Box

STATUS : PREFERRED PRODUCT

52-1330A

2 Mic/Line inputs, preamp, 48V

2 stereo headphone outputs

8 analog line inputs, el. bal., 24dBu

8 analog line outputs, el. bal., 24dBu

3 AES3/EBU inputs, 1 SPDIF input

2 AES3/EBU outputs, 1 SPDIF output

2 USB Audio IF, 10 GPI, 10 GPO,2 ACI

weight: 0.6 kg
power consumption: 11.00 W

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

9.5 52-7111A - XC Digital I/O Module

STATUS : PREFERRED PRODUCT

52-7111A

4 AES3/EBU/SPDIF inputs, 24 bit,

input sample rate converters

. 4 AES3/EBU/SPDIF outputs, 24 bit,

output sample rate converters

. 4 general purpose inputs, isolated
. 4 general purpose outputs, isolated

weight: 0.5 kg
power consumption: 3.00 W

9.6 52-7140A - XC DHD IP Audio Interface

STATUS : PREFERRED PRODUCT

52-7140A

interfaces IP connected playout and

recording systems to DHDs APC ports

using DHDs WASAPI driver for Windows 7

. 16 channels playout
. 16 channels record
. sample rate converters
. Fast ethernet for PC connection

weight: 0.5 kg
power consumption: 5.00 W

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

9.7 52-7170A - XC Quad 3G/HD/SD-SDI De-embedder

STATUS : PREFERRED PRODUCT

52-7170A

4 x 3G/HD/SD SDI De-embedders, each:

- Input and loop through BNC connector

- De-embedder for 2 audio groups, 8 ch.

- Sample rate converters, 8 channels

- Selectable audio groups 1/2 or 3/4

. 4 general purpose inputs, isolated
. 4 general purpose outputs, isolated

weight: 0.5 kg
power consumption: 5.80 W

9.8 52-7180A - XC Dante IP Audio Interface

STATUS : PREFERRED PRODUCT

52-7180A

interfaces IP based Dante digital audio

network to DHDs APC ports

. compatible with Dante-enabled devices

or PCs with Dante Virtual Soundcards

. 48 input channels & 48 output channels
. sample rate converters
. Gigabit ethernet for Dante connection

weight: 0.5 kg
power consumption: 5.00 W

Specifications and design are subject to change without notice. The content of this document is for information only. The information presented in this document does not form part of any quotation or contract, is believed to be accurate and reliable and may be changed without notice. No liability will be accepted by the publisher for any consequence of its use. Publication thereof does neither convey nor imply any license under patent rights or other industrial or intellectual property rights.

9.9 52-7222A - XC Analog I/O Module

STATUS : PREFERRED PRODUCT

52-7222A

4 analog line inputs, 18dBu max.,

electronically balanced, 24 bit

. 4 analog line outputs, 18dBu max.,

electronically balanced, 24 bit

. 4 general purpose inputs, isolated
. 4 general purpose outputs, isolated

weight: 0.5 kg
power consumption: 4.20 W

9.10 52-7223A - XC Analog I/O Module, 24dBu

STATUS : PREFERRED PRODUCT

52-7223A

4 analog line inputs, 24dBu max.,

electronically balanced, 24 bit

. 4 analog line outputs, 24dBu max.,

electronically balanced, 24 bit

. 4 general purpose inputs, isolated
. 4 general purpose outputs, isolated

weight: 0.5 kg
power consumption: 6.10 W

© 2012 DHD Deubner Hoffmann Digital GmbH

Specifications and design are subject to change without notice. The content of this document is for information only. 9.11 52-7230A - XC Mic/Headphone Module

STATUS : PREFERRED PRODUCT

52-7230A

4 mic/line inputs with remote preamp

0...63dB, 18dBu max. input level

. phantom power 48V indiv. switchable
. 4 stereo headphone amp outputs
. 4 general purpose inputs, isolated
. 8 general purpose outputs, isolated
. 4 analog control inputs

weight: 0.5 kg
power consumption: 11.60 W

9.12 52-7258A - XC Mic/Line Module, 8 ch., iso.

STATUS : PREFERRED PRODUCT

52-7258A

8 mic/line inputs with remote preamp

0...65dB, 26dBu max. input level

. isolated input stages
. phantom power 48V indiv. switchable
. 4 general purpose inputs, isolated
. 4 general purpose outputs, isolated

weight: 0.5 kg
power consumption: 11.70 W
